

British Favor Bevin's Policy

No Change Of Strategy In Palestine

London, Jan. 12.—(AP)—The full British cabinet apparently gave its complete support today to Foreign Secretary Bevin's Palestine policy.

A high government source said there will be no change in Britain's middle east course. This was after the cabinet met for four hours. It heard Bevin report on why Britain has sent troops to Awaba in Trans-Jordan, instituted armed patrols along Palestine's Trans-Jordan and Egyptian frontiers, and warned that middle eastern peace is threatened unless the U.N. security council's authority is reestablished.

Bevin and his policy came in for questioning and criticism in some British newspapers when five RAF planes were shot down last Friday while engaged in an armed reconnaissance over the Israeli-Egyptian battle area.

Denounces RAF Flights
Anthony Eden, No. 2 man in the conservative party, tonight denounced RAF flights over the area as "entirely purposeless and deplorable."

In a political talk at Warwick, Eden called the Friday attack on British planes by Israelis "an unwarranted and aggressive act." Then he asked, "why were our aircraft sent to carry out a reconnaissance over a battle area in such conditions? What useful British purpose could be served?"

He criticized the handling of affairs in the middle east as "confused" and endangering British-American friendship.

Tel Aviv dispatches today quoted one of the RAF fliers as saying in an interview his Spitfire had crossed into Palestine territory before it was shot down Friday by the Jewish riflemen. The interview was with the Associated Press, the French press agency and the London Daily Telegraph.

Crossed Palestine Border
The flier, Pilot Frank Harvey Close, was quoted as saying he was familiar with road landmarks in the area and knew his flight leader led the formation over the frontier. He could not say whether the flight leader knew it, however.

The story sent authorities "at a very high level" in London into a huddle. Eventually the air ministry stuck by its story. It said tonight the "true facts" were given by it previously, that the pilots had strict orders to stay on the Egyptian side, and were in fact victims of an unprovoked attack while over Egyptian territory.

The British-Israeli situation also had repercussions in Washington and Lake Success.

U. S. Experiences Concern
In Washington Undersecretary of State Lovett said the United States had expressed concern to Britain over British troop movements in the Palestine area. He said any such development prior to Israeli-Egyptian armistice talks opening in Rhodes was a source of apprehension to the United States.

At Lake Success, U. N. Secretary General Trygve Lie told a news conference he hopes "all parties will be helpful" so that the United States mediator, Dr. Ralph Bunche, may have a success in the Rhodes negotiations. "It was understood to press for the Israelis not to press for a council meeting now to aid their complaint of yesterday that the British are menacing Israel by military movements."

A high government source said Bevin would give the House of Commons a full accounting of middle eastern affairs soon after it reconvenes next Tuesday.

The foreign office denied an Israeli charge that Britain has been sending a flow of military supplies to Arab states in violation of a U. N. embargo.

Accuse Minister Of Having Affairs With 40 Women
Glendale, Calif., Jan. 12.—(AP)—A Baptist minister, father of four children, today "disgraced" parishioners for charges he had affairs with 40 feminine members of his church.

Dr. J. Whitcomb Brounger, Jr., 46, pastor of the Glendale First Baptist church for 21 years and himself the son of a minister, labeled "entirely false" charges made in a suit filed yesterday in Los Angeles superior court.

Mrs. Sadie Williams and Fletcher Edgar Maxwell said they were suing for members of the church. They alleged that Dr. Brounger "has even recently been known to chase a lone young woman in an automobile in an attempt to force her to the curb on a dark street, and has been known to associate with bookies."

President Makes Surprise Flight To See Marshall

Washington, Jan. 12.—(AP)—President Truman made a flying visit to ailing Secretary of State Marshall at Pinehurst, N. C., today after slipping out of Washington without advance notice.

Mr. Truman returned to the capital five hours later, arriving here at 5:28 p.m. C.S.T. His plane left Pope Field, 30 miles from Pinehurst, at 4:07 p.m. for the after-dark flight home.

The president told newsmen he found Marshall looking "better than I have seen him in a month."

He said the visit was a complete surprise to the secretary, but that Mrs. Marshall knew he was coming. Marshall had been out for a walk in the sunshine shortly before the president arrived.

Mr. Truman said he did not decide to make the trip until about 10 a.m. today. Little more than two hours later, he was flying south.

"I needed to see the secretary of state, so I went to see him," Mr. Truman told reporters.

Discharged Three Times, He Can't Get Out Of Army

Chicago, Jan. 12.—(AP)—Virgil A. Gustafson says the army has discharged him three times but he still can't get out.

He asked the Federal Court today for a Habeas Corpus writ to help him get back into civvie for good.

The whole thing was caused by a misunderstanding resulting from erroneous information in discharge papers, he told the court.

Gustafson, 23, of 518 West 5th street, Rockford, Ill., filed his petition through attorney Thomas Simmons of Rockford.

He was arrested last July 27 at his home as a deserter. He spent 15 days in the Fort Sheridan guardhouse. Then he was put in the ranks, where he still is.

He enlisted first in 1945. He was discharged Oct. 28, 1945, as a reserve so he could enlist in the regular army. He said he was discharged July 30, 1946, then reenlisted Aug. 1, 1946, and then got a third discharge Feb. 4, 1947.

Federal Judge Walter J. LaBuy set a hearing Jan. 19, when he will consider a government contention that the court lacks jurisdiction.

Started For \$12 A Week, Now Man Is Head Of Firm

Chicago, Jan. 12.—(AP)—A 29-year-old man who went to work for the Bell and Howell company at a \$12 weekly salary in 1936 today became president of the photographic equipment manufacturing firm.

The election of Charles "Art" Percy to succeed Joseph H. McNabb, Bell and Howell president for 26 years, was announced by the corporation's board of directors. McNabb, 61, died Jan. 5.

Percy was described in the announcement as the youngest chief executive of a major industrial organization in the country.

Announcement also was made of the election of Albert Summers Howell, 68, who helped found the company in 1906, as chairman of the board of directors. McNabb had held this post, too.

Percy is a product of a cooperative training program instituted by McNabb to develop executive talent from promising high school and college students.

He became an officer and director of the company at the age of 23.

Then they disappeared. Investigation started. No, there was no foul play. They were discovered bivouacked in front of a television set. Hadn't been out for weeks.

Another friend of mine used to take in the sports events. He bought a television set, to use on evenings when his wife had the car. Now neither of them uses the car, and he is reported to have disintegrated completely. He even watches wrestling.

The small fry have been captured, too.

We used to have a squadron of kids in our yard every afternoon. They engaged in the usual childish pursuits, such as tearing down the fence, breaking the windows and scalping the shrubbery.

Many of them are no longer with us. They've been lassoed by howdy doody.

Maybe this will pass. Maybe these are pioneers, comparable to the early radio crystal setters who used to stumble into the office each morning after a hard night of trying to get "puducan" on the wireless. In time, they outgrow it.

But if television, in its infancy as such a hold, what can we look forward to when it can fetch in the best from coast to coast?

Fellow preservers of the American way, the danger is plain. Let's put the ax to the coaxial cable. There's no time to lose.

Weather Still Tricky In U.S.

PIPES DIDN'T FREEZE, BUT WATER IS GONE

Monroe, Ore., Jan. 12.—(AP)—Monroe residents, whose water pipes keep freezing, decided last night to stop the trouble by letting the faucets run all night.

They were pleased to discover none of the pipes froze at all. It would have worked fine, except for one thing:

So many faucets were left open the municipal water reservoir ran dry. There wasn't a smidge of water in all the pipes today.

The people waited for springs to fill the reservoir again.

Acheson To Report His Views On Reds To Senate Group

Washington, Jan. 12.—(AP)—The Senate foreign relations committee will give Dean Acheson a chance tomorrow to state publicly his attitude toward communist Russia.

Senator George (D-Cal.) said today this is one of the reasons why the committee called for open hearings on Acheson's nomination to succeed Gen. George C. Marshall as secretary of state. George said it was only fair to give Acheson a chance to answer "rumors and charges" that he once favored a "soft" policy toward Russia.

Acheson will be the first witness when the hearings open at 9:30 a.m. (CST) in the large caucus room of the senate office building.

Release Bellhop Held For 'Black Dahlia' Murder

Los Angeles, Jan. 12.—(AP)—Police today released a 27-year-old bellhop who had been held on suspicion of murder in the two-year-old "Black Dahlia" murder case. They prepared to question a free lance movie writer.

Hundreds of suspects have been questioned since the bisected body of waitress Elizabeth Short, 22, was found here in a vacant lot Jan. 15, 1947. More than 50 "confessions" have been made in various parts of the nation in the sadistic crime. All were disproved.

Leslie Dillon, the bellhop, was arrested Monday after he contacted Dr. J. Paul De River, police psychiatrist. In announcing his arrest, Chief of Police C. B. Horrall said Dillon knew minute details of the crime. However, today, simultaneous with filing of a petition of habeas corpus in Dillon's behalf, Horrall said Dillon had been released because of "insufficient evidence."

Tenth Air Force Supplies Nebraska Towns With Food

Indianapolis, Jan. 12.—(AP)—The Tenth Air Force began today sending its planes over snowbound western Nebraska with emergency supplies.

Helicopters already had started shuttling out of Lowry field, Denver, Colo., when a team of officers left Stout Field here to confer with Gov. Val Peterson in Lincoln, Neb.

Headquarters of the tenth at Fort Benjamin Harrison here also ordered nine of its bases to get their C-47 transport ready to fly in food and medical supplies.

Although the air supply already had been started by Nebraska national guard and civil air patrol planes, Governor Peterson appealed for help from the bigger transports. His request was relayed to the tenth by Lt. Gen. Curtis LeMay, commander of the strategic air command, in Omaha.

Postal Inspector Shot By Aged Man In Oklahoma City

Oklahoma City, Jan. 12.—(AP)—A postal inspector was shot to death in the post office today by a 69-year-old man who said he fired "in self defense and in defense of civil rights."

E. M. Harkins, 51, was struck in the back of the head by a pistol bullet as he bent over to take mail from his post office box.

Joseph Donnelly surrendered to a postal clerk after the shooting. At arraignment, he pleaded innocent but made his self-defense statement.

The shooting followed by less than 24 hours the slaying of Earl Pruett, prominent Oklahoma City attorney, by an unknown assailant. The slayer walked into Pruett's office in a skyscraper here and after a short conversation with the attorney, shot him four times.

So. Cal Has Snow; 'Dixie' Has 'Spring'

By The Associated Press
The weather kept up its antics Wednesday from the rocky coast of Maine to the ice-flecked shores of snowy California.

Southern California got another dose of the white stuff for the fourth day in a row. Flowers and shirt sleeves blossomed out in the Dixie "heat wave."

More sleet glazed power lines and roads in the mid-continent. Sub-zero weather chilled the northeastern and northwestern states.

Not seasoned to the rigors of winter, California looked with hope to a forecast of warmer weather with showers—instead of snow.

Another stormy night brought more snow, sleet and ice to the southern California foothill, mountain, and rural areas. Citrus growers passed the night firing smudge pots or junked auto tires to ward off frost.

Surplus stores were running out of once hard to move long underwear. Auto supply shops did a thriving business in tire chains. The bamboo trees bent to the ground under the weight of snow in Pasadena. The South Pasadena postoffice snow shovel, Washington regulation issue, got its first workout.

Las Vegas, Nev., whose slogan "Fun in the Sun," measured eight and a half inches of snow on the level. Alhambra, a suburb just above Pasadena, had five inches on the ground.

Prolonged severe cold, which has frozen over rivers and clogged streams with ice, kept a strangle hold on the Pacific Northwest's hydro-electric power supply.

Electricity users in Washington, Oregon and California were cautioned they must use only a minimum of power to maintain a "margin of safety" in the electricity supply.

The cold has kept idle several thousand logging and lumber workers.

The kind of weather "that comes in the Sun" may range from the Carolinas to New Orleans. Maximum temperatures were in the high 70s or low 80s. Several cities recorded record heat for the date.

Flowers bloomed and lawns were a lush green. Three days of bright sunshine and warm soft air from the gulf perked up nature like the breath of spring.

The plains states got a respite from the snow but continued to dig out from last week's blizzards. The 12th Wyoming victim of last week's storm was found frozen to death near Cheyenne, Wyo.

Gordon, Neb., town of 2,100 isolated for 10 days by drifts, was getting relief from a critical food and fuel shortage. The last highway snow barrier into the town was removed Wednesday and tank trucks were on their way for loads of fuel oil. Food shipments from Omaha will arrive Thursday.

The Southwestern Bell Telephone company estimated its lines suffered \$1,000,000 damage from sleet in Missouri, Kansas, Oklahoma, Arkansas and Texas. The glaze covered most of west Texas and the Panhandle. The storm caused two deaths in Texas.

Iowa To Try 2nd Time To Extradite St. Louis Doctor

Jefferson City, Mo., Jan. 12.—(AP)—Iowa authorities will get a second hearing next Tuesday in their efforts to extradite Dr. Robert C. Rutledge for a trial on a first degree murder charge in the fatal stabbing of another St. Louisan.

The physician is accused of killing Byron C. Hattman, engineer for a St. Louis Electrical Manufacturing company, in a Cedar Rapids, Iowa, hotel room last Dec. 14. The two men had quarreled over Hattman's attentions to Mrs. Sydney Rutledge, 23, the physician's wife.

The date for a new hearing was set after Lynn county attorney William Crissman of Cedar Rapids came here today with a new set of papers.

Former Gov. Phil M. Donnelly denied an earlier request for extradition on the grounds that papers brought here by Iowa authorities were incomplete.

Frolic Day Planned By Orleans Women

The Orleans Woman's Country club will meet Tuesday, Jan. 25, for Frolic Day and basket dinner at the home of Mrs. Lilly Clegg. Mrs. Elizabeth Alse will be assistant hostess.

Members of the club did not meet Tuesday because of the inclement weather. Both the regular program and the one scheduled for Tuesday will be presented at the all-day session. Dinner will be served at noon.

Forrestal Seeks Power To Govern Military Actions

Washington, Jan. 12.—(AP)—Secretary of Defense Forrestal asked congress today for authority to send U. S. military missions anywhere in the world.

If the request is granted, it would revive a wartime authority.

Members of the Senate armed services committee, who received Forrestal's views in a report, said the missions would serve to bolster the defense of democratic countries against the spread of Moscow-directed communism.

American military missions now are operating in Greece, Turkey, China and some South American countries. They include officers, technicians and experts but no combat troops.

Forrestal's report noted that permanent legislation exists for sending U. S. military and naval missions to the South American republics and the Philippines, and he wrote:

"Such legislation should be extended to permit such missions to be sent, in the discretion of the president, to countries which request advisory missions to assist them in their military planning."

Charge Three Men With Rape-Murder Of Guam Woman

Guam, Thursday, Jan. 13.—(AP)—Three U. S. service men "are being charged" with the kidnap, rape and murder of pretty Ruth Farnsworth, 27, a former U. S. Air Force nurse, the governor of Guam announced today.

The 27-year-old San Francisco woman was seized the night of Dec. 11 in a jaded shop where she worked part time. She was found the next day in the jungle, unconscious and her clothing torn. She died Dec. 13.

Rear Adm. Charles A. Pownall, governor of Guam, announced:

"The following persons have been placed under arrest and are being charged with the kidnaping, rape and murder of the late Ruth Farnsworth:

"Pvt. Calvin Dennis, 26, Frederick, Md.; Pvt. Herman T. Dennis, 20, Indianapolis, Ind.; and Staff Sgt. Robert W. Burns, 32, Spokane, Wash."

"The arrests were made possible by admissions obtained from Calvin and Herman Dennis, brothers, by the Guam police."

Vicki Evans, Dope Trial Defendant, Taken As Fugitive

New York, Jan. 12.—(AP)—Dancer Vicki Evans, a defendant in the west coast narcotics trial in which singer actor Robert Mitchum was found guilty, was arrested today as a fugitive.

She was picked up in her hotel room by detectives acting on a California warrant. The warrant was issued Monday when she failed to appear for trial along with Mitchum and two others.

Miss Evans was booked at the West 30th Street Police station, and taken to the women's lockup for the night. She is scheduled to appear in felony court tomorrow.

Mitchum, actress Lila Leeds and Robin Ford, a real estate salesman, were found guilty Monday in California of conspiracy to possess marijuana.

BONUS CHECKS

Chicago, Jan. 12.—(AP)—Four hundred Illinois soldier bonus checks for a total of \$135,804.22 were mailed yesterday. To date the state has paid out \$300,533,152.73 to 410,199 bonus claimants from downstate and \$13,599 in Cook county.

Volunteers May Make Army Draft Calls Unnecessary

Washington, Jan. 12.—(AP)—The March have been cancelled and officials conceded the army was jammed between the volunteers and the budget ceiling.

One solution of the dilemma would be if enough men leave the army to balance the numbers coming in during the five months ahead.

Officials aren't really counting on this happy solution but say they are considering: (1) cutting out 2-year enlistments and (2) raising recruit standards. The first move would leave 3-year enlistments available.

Congressional approval would be necessary to make intelligence tests stiffer because when the draft law was passed, the army was ordered to take any men who scored 70 or better on the general classification test. The national average is 100.

The army could establish recruiting quotas, and close the doors after it had taken in all it was allowed.

Whatever the outcome, the draft calls are likely to remain small or non-existent. Originally, the army had planned to draft 30,000 men monthly for a yearly total of 360,000.

Two of the eight camps set up last year for draftees have been closed down. The army announced yesterday it was closing camps Pickett, Va., and Breckinridge, Ky. No plans are being made at present to close any of the remaining six, an official said.

Lesinski May Back AFL Plea

WEATHER 'MEDDLERS' ASK LAW'S PROTECTION

Washington, Jan. 12.—(AP)—Pilots and others who have been dropping dry ice on rain clouds apparently are nervous about being sued for a stray cloudburst or flood.

Congress today got a request to protect the weather experimenters from damage claims. It came from Secretary of Defense Forrestal.

Senate Group Will Begin Hearings On Filibuster Ban

Washington, Jan. 12.—(AP)—The Senate rules committee voted today to begin hearings January 24 on proposed rules changes which would make it easier to shut off filibustering talk.

These changes are expected to have an important bearing on the success or failure of southern senators' efforts to beat President Truman's civil rights program. The filibuster—time consuming talk which may continue for day after day—has been one of their most effective weapons in rebuilding similar legislation in the past.

The rules committee decided on the hearings after Mr. Truman had disclosed that bills are being drawn to carry out the civil rights program, and after 17 southern senators had organized to fight the program and any change in the Senate's debate rules.

The committee decided to take testimony at the hearings only from Senators. Chairman Hayden (D-Ariz.) said the hearings will last "as long as necessary."

Talmadge Begins White Supremacy Plans In Georgia

Atlanta, Jan. 12.—(AP)—Gov. Herman Talmadge's forces introduced a four point white supremacy program in the Georgia legislature today, including a revival of the poll tax.

To curb what Talmadge repeated has denounced as "Negro bloc voting," his legislative lieutenant submitted a series of measures which would revise completely Georgia voting machinery. The 1945 legislature repealed the old poll tax law. The program, which brought back a "machine domination" of Georgia by one lawmaker, called for:

1. Wiping out the state's complete current list of 1,200,000 registered voters, including about 150,000 Negroes.

2. Undertaking a new registration under tightened machinery and procedure. Voters would be required to register again every two years—permanent registration lists would be abolished.

'OPERATION HAY'
Rapid City, S. D., Jan. 12.—(AP)—"Operation hay" is feeding starving livestock in blizzard-battered western South Dakota. An air force C-47 transport plane began yesterday to "bomb" stranded herds of cattle with hay and corn meal cake.

WAR IN GREECE
Athens, Jan. 12.—(AP)—The general staff said a battle has been in progress all day with a large force of guerrillas attacking Naoussa, 90 miles west of Salonika. Two to three brigades of rebels were estimated to have started the battle during the early morning hours.

THOMAS' STAND
A reporter asked whether Thomas and the AFL officials had seen eye to eye.

"The senator has a beautiful eye," Hines said, chuckling.

Thomas, until yesterday, had been regarded as an advocate of the union's two step method. Then, after conferring with top administration labor officials, Thomas announced last night that he was for the one package approach, with reservations.

Thomas made it clear that any omnibus bill should include only the Wagner Act changes which Mr. Truman asked. He said less essential changes could be handled later in a second bill.

The Senate labor committee which Thomas heads will meet tomorrow afternoon for the first time this session. A sharp dispute over procedure is likely. Some members have come out for two package handling, others favor one step. But regardless of the outcome there, the issue won't be settled until labor legislation reaches the floor, probably several weeks from now.

RUMOR STOPPED SHORT BY MRS. TRUMAN

Washington, Jan. 12.—(AP)—Mrs. Harry Truman is in a hospital, but it developed that this Mrs. Truman is not the president's wife.

A rumor that the first lady was a patient in the University of Iowa hospital spread here today. A reporter phoned Blair House, temporary home of the president and his family. Mrs. Reatha Odum, Mrs. Truman's secretary, said there was nothing to it.

Then Mrs. Truman herself cut in: "Definitely I'm not in a hospital. There are lots of us who may wish we were until after the rush of January 20 is over," she said.

WEATHER

The Norbury Sanatorium, cooperative observer for the U.S. Weather Bureau, yesterday reported the temperatures for Wednesday as follows: high 32; low 28; and at 6 p.m., 29.

Forecast for Illinois — Mostly cloudy Thursday, High 32 to 36.

VOLUNTARY HEALTH INSURANCE

Around nine million Americans have some form of medical insurance while twenty-six million carry voluntary surgical insurance, it is revealed by the Life Insurance Association of America. This is in addition to fifty-two million carrying hospital insurance.

These voluntary plans are less expensive than anything the government might devise, unless it can do better than Australia and England have done with their socialized medicine.

If the government will encourage voluntary health insurance plans and stimulate the construction of more medical schools and more reasonable entrance requirements for medical students, it will be doing about all that it practicable at this time to advance the public health.

Weather Imposes Discomforts on Bluffs Residents

Bluffs—Residents of Bluffs are being subjected to numerous hardships as a result of the freezing rain, the effects of which are being acutely felt throughout this section.

All of Bluffs has been without electricity since eight o'clock Tuesday morning. Candles and kerosene lamps are in use in most homes. Paul Green, proprietor of the hardware store, states that he's doing good business in selling lamp chimneys. Homes with stokers are without heat, and electric stoves and refrigerators aren't functioning. Falling limbs have put most of the telephones out of commission.

NOTICE
Regular K. of C. meeting will be postponed from Jan. 13th to Fri., Jan. 21st, 8 p. m.

WAKE UP YOUR LIVER BILE—

Without Colman—And You'll Jump Out of Bed in the Morn'g Rarin' to Go
The liver should pour out about 2 pints of bile into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then it backs up your stomach. You get constipated. You feel sour, sunk and the world looks punk.
It takes those mild, gentle Carter's Little Liver Pills to get these 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 35¢ at any drugstore.

Ralph Thomson To Head March Of Dimes Drive

Attorney Ralph Thomson has been named to act as chairman of the 1949 March of Dimes campaign in Morgan county, this year, being sponsored by the Junior Chamber of Commerce. The drive will be in progress Jan. 22 through Jan. 29.

A graduate of Jacksonville High school, Mr. Thomson received his law degree from the University of Illinois. He is a member of the Illinois Bar and is a Certified Public Accountant in Illinois. Since last summer he has been engaged in the practice of law with his brother and father in the firm of Thomson & Thomson, prior to which time he practiced law in Rockford.

Committees named by Mr. Thomson to assist him in various divisions of the drive are organizational, with Robert A. Fay as chairman; display, Pat McHatten, chairman; dance, Robert Spink and James Coultas, co-chairmen; and schools, Earl Florio, chairman. The committees are comprised of JayCee members.

Various civic and social clubs and organizations within the city will be contacted and their assistance solicited. Members of these groups will have charge of the booths which are to be maintained on the city square and at the local theatres.

Collection cards will be distributed through the schools and through the mails. The usual containers will be placed in stores and shops throughout the county.

A dance will be held here on Jan. 28. Music will be by Jimmie Conlee and his orchestra.

11th Annual Drive
This year's drive marks the 11th anniversary of the March of Dimes, organized in 1938 by the late President Franklin D. Roosevelt.

The funds obtained through this drive are used in the treatment of infantile paralysis victims, and also go to further research on this crippling disease.

Of the money raised in Morgan county, one half remains in the county for treatment of local cases while the other half goes to the National Foundation for Infantile Paralysis, which uses the money for research purposes and to train polio specialists and technicians.

John Agger is chairman of the local chapter of the National Foundation. Other members of the executive committee are George Lukeman, Jr., treasurer; Josephine Milligan, secretary; Dr. Garm Norbury, medical adviser; Mrs. Paul Allen, Waverly; Willard Cody, Mrs. Roy Davenport; Alexander, Cloyd DeFreitas; Reaugh Jennings, Edith Leeper, Louis Nieman, Helen Sweeney and Richard Wilson of Chapin.

Japanese Rice Fields Grow Again

During the war, Japanese rice fields were virtually deserted. Now, with the help of American occupation forces, which introduced a quota system, Japan's rice production has been boosted over pre-war figures. The grain is dried on open racks, like these at Nizgata. Trees, latched with straw rope, hold it. (U. S. Army photo from NEA-Acme.)

Mrs. Harry Capps, Well-Known Local Resident, Dies

Mrs. Harry M. Capps, well-known resident of this city, died late Tuesday evening at her home on Mound avenue, after months of failing health.

Born in Griggsville on April 15, 1874, May Hatch Capps was the eldest of four daughters of Mr. and Mrs. John T. Hatch. She received her early education in the Griggsville schools and later took special instruction in art in Jacksonville and Detroit.

On Oct. 18, 1900, she was united in marriage with Harry M. Capps, who survives together with the eldest of the two children born to them: Mrs. S. N. Osborne, the former Mary Janet Capps. Their son, Harry, Jr., died seven years ago.

Also surviving is a granddaughter, Sally Osborne, now a student at the University of North Carolina, and one sister, Mrs. Stella Armentrout of Spokane, Wash. The other two sisters, Mrs. Harlan Eugene Read and Mrs. William Sanford, died in recent years.

Endowed by nature with beauty and dignity, Mrs. Capps possessed a rare talent for making friends. Her home was always a gracious center for the many friends of her family. Through the years, she had taken a prominent part in the social and cultural life of Jacksonville. She was a devoted member of the Congregational church.

Members of the family will receive friends who wish to call Thursday afternoon after three o'clock at their home on Mound avenue. Funeral services will be held Friday afternoon at 3 o'clock at the Congregational church. Dr. W. H. Pankhurst will officiate. Interment will be in Diamond Grove cemetery. The body is at the Gillham Funeral home.

Piles Hurt Like Sin! But Now I Grin

Thousands change groans to grins. Use a doctor's formula to relieve discomfort of piles. Sent druggists by noted Thornton & Minor Clinic. Surprising QUICK palliative relief of pain, itch, irritation. Former Resident Dies in Peoria

Attilia William Emmis, former resident of this city, died at Peoria at the age of 63 years.

Mr. Emmis was the son of Hiram M. and Julia C. Emmis and was born in Jacksonville on Nov. 8, 1883. He was a member of the Christian church.

He is survived by a sister, Mrs. Anna Fannie Murphy of Peoria.

Lt. Gov. Cross And Wife Observe 25th Anniversary

Jerseyville—The silver wedding anniversary of Lieutenant Governor Cross and his wife was observed here today.

Jerseyville. About 400 guests were present at the celebration held at the afternoon among whom were neighbors and friends of the couple and associates of Lieutenant Governor Cross during his career as a lawyer, legislator and state official. A buffet dinner for a number of visitors from out of town followed the reception.

The celebration was held on the eve of Lieutenant Governor Cross' retirement from office and many associates came to Jerseyville to pay their respects to their colleague and Mrs. Cross.

Lieutenant Governor and Mrs.

Cross were married Jan. 5, 1924, in St. Louis by Dr. William B. Lampe, pastor of the Westminster Presbyterian church. They have resided here since that time. Mrs. Cross was formerly Miss Helen McGovern, daughter of Mr. and Mrs. Terrence McGovern of Galesburg, and was a member of the faculty of the Jerseyville grade school at the time of her marriage.

Lieutenant Governor Cross, senior member of the Cross and Gibbons Law firm of Jerseyville and of the firm of Cross, Strauber, Gibbons and Gwillim in Alton, has been prominent in political circles in the past few years. He served as a member of the State Legislature, was speaker of the House and was lieutenant governor of the State of Illinois for two terms. He is the son of the late Mr. and Mrs. Edward Cross, both of whom were members of pioneer families of Jersey county and among the early agriculturalists of the community.

Toastmasters Name William Zopf Best Speaker Tuesday

A graphic presentation of the "Man of Tomorrow" won for William Zopf the title of best speaker at the Toastmasters club meeting Tuesday night at the Dunlap hotel.

Other speakers and their talks were: Howard G. Brown, "Very Personally Yours;" Dr. C. C. Richardson, "Confidence;" and Dr. L. K. Hallock, "The Priceless Gem."

Dallas Schultz was toastmaster. Evaluators were Roy Warner and Dr. Victor Sheppard. Impromptu chairman, Homer Woods, introduced four impromptu speakers, Dr. Victor Sheppard, Roy Warner, Ralph Wilson and M. Brooks Byus. Ralph Wilson served as general critic.

CHANDLERVILLE

Chandlerville—Mr. and Mrs. John G. Murphy of Jacksonville, Mr. and Mrs. Virgil Lewis of Virginia and Mrs. Minnie Garner of Chandlerville were dinner guests Sunday at the home of Mrs. Fred Wahlfield and daughter. The occasion was Mrs. Murphy's birthday anniversary. Mrs. Garner returned home with the Murphys for a visit of several days.

Mr. and Mrs. E. A. Zorn and Emily Ann Davidsmeyer recently spent the day in Havana on business.

Mr. and Mrs. Lou Jurgens and Mrs. Fred Wahlfield recently visited in Springfield.

Mr. and Mrs. Frank Sturdy and daughters of Springfield visited over the week end with Mrs. Sturdy's parents, Mr. and Mrs. Fred Roloff.

Roland and Maybeth Foster of Peoria spent the week end with their grandparents, Mr. and Mrs. Alfred Nollisch.

Raymond Dearing spent the week end in New Berlin with his brother-in-law and sister.

Mr. and Mrs. Harry Fielden recently visited in Virginia.

Finis Baker of Decatur was a week-end guest of his parents, Mr. and Mrs. Ance Baker.

TEACHERS' READING CIRCLE WILL MEET

The Jacksonville Teachers' Reading Circle will hold its annual January guest meeting Friday, Jan. 14, at 6:30 p. m., at the home of Mrs. Mabel Obert, 235 West Chambers street.

ATTENTION

MOOSE MEMBERS

The new film "The Story of Mooseheart" will be shown after the turkey-steak dinner Thursday, January 13th at the Moose hall.

Pupils Of Ashland Grade School Give Program For Club

Pupils of the Ashland grade school presented a group of musical selections at the meeting of the Ashland Junior Woman's club, held at the home of Mrs. Mary Anderson.

Pupils participating in the program were Jane McCarty, Geraldine Pierce, Louis Irwin and Shelby Lynn. They were accompanied by Mrs. Douglas.

A talk on the progress of activities of the Trail Rangers was given by Mrs. Stuart S. Brownback, chairman of the Trail Rangers.

Miss Betty Parkes was hostess, assisted by Miss Ruth Jurgens.

A bridge and bunco party will be the highlight of the next meeting, which is to be held Jan. 13 at 8 p. m. at the home of Mrs. Homer Lewis, with Mrs. Betty Houston as hostess, assisted by Mrs. Zeta Ranbald.

Members are asked to note that this meeting is being held a week earlier than originally scheduled.

From where I sit... by Joe Marsh

We Both Won This One

Blew my top the other morning when I discovered a shirt I put on had two buttons missing.

"Joe," the missus says, "do you ever read what you write? For a man who writes newspaper pieces all about tolerance, you sometimes show a lot of race prejudice."

"Race prejudice!" I holler. "No one can accuse me of that." "I mean prejudice against the entire human race," she interrupts with a smile. "Why get mad at the world over two little buttons? That took the wind out of me."

From where I sit (as I told the missus that evening), a lot of us sometimes get too worked up over little things... little differences of opinion or taste. One person prefers beer or ale, another prefers cider or lemonade. But why criticize the other fellow just because his tastes aren't the same as ours? "That sounds more like you, Joe," she laughs, snipping off a thread. (It so happens she was sewing on buttons.)

Joe Marsh

JACKSONVILLE SAVINGS
DISTRIBUTES NOVEL SAVINGS BOOK

Children will find it difficult to resist the attractive, colorful, entertaining 12-page coin-saver book called "IT IS FUN TO SAVE" which is being distributed by the Jacksonville Savings and Loan Association to create widespread interest in systematic saving among children.

Colorfully illustrated with circus clowns, animals and rhymes, it holds \$5.00 in coins. With a running commentary of human-interest verse, this novel book teaches the relative value of nickels, dimes and quarters by placing the coins in spaces especially provided for them.

Illustrated cardboard pages hold the money in their spaces skillfully arranged among the capering figures. When the book is filled, simply remove the money and bring it to the Jacksonville Savings and Loan Association and open an account in the child's name. . . or add the money to your present account. . . then you can start the fun all over again.

We suggest you get your copies today while the supply lasts. You will want to order one of these books for each child you know. A nominal charge of 35 cents is made for each book to cover cost and handling. Everyone is invited to get this remarkable book.

Jerseyville Pastor Holds Open House

Jerseyville.—The Rev. and Mrs. Dale Harmon held open house Sunday at the newly completed Methodist parsonage on North Lafayette street. Many members of the congregation and friends called during the afternoon.

Mrs. Harmon was assisted in receiving by her sister, Miss Frances Shaffer, who is teaching in "Good River, Ill. Mrs. Rodney Jacoby, Mrs. Arthur Schlotzauer, Mrs. Kenneth Searies, Mrs. C. T. Kibler.

WILL OF H. C. BUSBY FILED FOR PROBATE

The will of the late Horace C. Busby has been filed for probate, bequeathing his property to his wife, Laura B. Busby, a daughter, Hazel B. Siegfried, was appointed to serve as executor.

Mr. Busby made his will on Feb. 26, 1946, with J. Henry Cox, Olin Gottschall and F. E. Peterson as witnesses.

NOTICE
Regular K. of C. meeting will be postponed from Jan. 13th to Fri., Jan. 21st, 8 p. m.

55 Persons Enroll In Night Courses At High School

The first session of the night school courses offered adult residents of this area was held Tuesday evening at Jacksonville High school.

Fifty-five persons were present to enroll in the various courses, which include foods, clothing, machine shop, typing and woodwork.

Typing appeared to be the most popular class, with 20 persons already enrolled. Enrollment is still open and anyone wishing to take any of the courses may attend the next session.

The foods class will meet Monday evening; machine shop, typing and woodwork on Tuesday, and clothing on Wednesday. The classes will be conducted from 7 to 10 p. m. for a period of 10 weeks.

Teaching the various courses are members of the faculty of Jacksonville High school. The classes are held in the regular J.H.S. class rooms.

A small tuition fee will be charged for all of the courses, with the exception of foods and clothing. Persons in these two classes are to furnish the materials which they use in class work.

NOTICE
Regular K. of C. meeting will be postponed from Jan. 13th to Fri., Jan. 21st, 8 p. m.

County Fair Grounds Will Be Developed To Serve Many Groups

Plans for development of the Morgan County Fair grounds were made public Wednesday in the release of a membership proposal in connection with the current drive for memberships.

Claude Gustine, association president, stated that the proposal had been approved by the association board of directors.

The association is defined in the proposal as "a group of individuals, businesses and corporations bonded together for the mutual interest of owning and developing the Morgan County Fair grounds, and of promoting the agricultural, educational and recreational interests of the county."

Local groups and clubs are interested in the project. Mentioned in the proposal as having already used the grounds or making plans for the future were the Lions Club, Grotto, Boy Scouts, 4-H Clubs, YMCA, Girl Scouts, Farm Bureau, schools and colleges.

Many Activities Possible

Baseball, skating, racing, playgrounds, picnics, outdoor meetings, expositions, celebrations, circuses, shows, benefits, and fairs are mentioned as possible activities that can be staged on the grounds. Association directors plan to make the ground available to all Morgan county groups for worthwhile activities. Charges for use of the grounds are to be on a non-profit basis for the association and will be made only when the group sponsoring the event makes a profit on their event. In reality, the association will act only as an owning and management group making the grounds available to all groups to use for the benefit of all.

Fair Will Be Continued

The annual Morgan County 4-H Fair will definitely be continued on the grounds. Beyond this point, plans for revival of the County Fair are left up to the public. "The former successful County Fair will be revived if there is sufficient demand and leadership manifest on the part of the public," Mr. Gustine stated. "But the board has no idea of starting or running a fair unless there is good and sufficient demand from the county people. The grounds should be used the year around for all kinds of public events, and the Fair will be only a small part of the many public benefits that can be received from the new grounds."

Plans call for landscaping and building of needed buildings on the ground according to a plan to be drawn by competent engineers. Fencing, roofing, cleaning and grading has been partially completed the past year, and will be continued next spring.

Memberships \$100 Each

Association memberships are being offered to the public at \$100 each. These may be paid in cash or over a 2 year period. They are limited to ten to any one corporation or individual. Assets of the Association now total \$38,800.00 according to the proposal. They include 42 acres of land, grandstand, fencing, track and buildings. These assets are presently mortgaged to 20 local organizations and individuals who put up the money for the original purchase price, but first money received from the current drive will be used to retire these mortgages.

Farm Bureau Directors in meeting Tuesday agreed to call a meeting of leaders in each township on January 24 to plan for membership support in the rural area. Drive for memberships in Jacksonville will get underway Thursday morning when local fair association leaders will meet at the Dunlap Hotel at 8 a. m. to launch the city campaign.

Earl Hemmrough is general chairman of the campaign. Lee Sullivan, George Luleman, Sam Osborne and Claude Gustine are serving as division leaders.

ATTENTION MOOSE MEMBERS

The new film "The Story of Mooseheart" will be shown after the turkey-steak dinner Thursday, January 13th at the Moose hall.

Burglar Visits Service Station; Steals Cigarets

The Ross filling station at North Main street and Douglas avenue was burglarized Tuesday night or Wednesday morning. The prowler pried open a window in the rest room at the northwest corner of the building, through which he made his way to the office.

When the station was opened for business at 6:10 a. m. Wednesday the cigart vending machine was found broken open. The thief helped himself to 20 cartons of cigarettes and the cash which was in the vending machine box.

Patrolmen Spencer and Hill went to the filling station to make an investigation.

Rib Roast of Beef Provides Several Meals

MENU
Rib Roast of Beef
Roast Beef Gravy
Mashed Potatoes
Corn-on-the-Cob
Crisp Vegetable Relishes
Cabbage Salad
Graham Cracker Refrigerator Pudding
Milk Coffee

A rib roast of beef is both an opportunity and a challenge to the modern homemaker. An opportunity for much good eating, a challenge to cook the meat correctly so it will be at its best. Actually, neither is hard, for everyone enjoys good eating, and roasting meat is one of the easiest of cooking methods.

Remember when buying your roast that the larger cuts cook to best advantage. Roasts which contain at least 2 ribs are considered the best buy. If you would like to have the roast boned and rolled, have it done right at your meat dealer. Such a roast, however, requires a slightly longer cooking time, because the bones are not there to conduct the heat throughout the meat.

The standing rib provides its own natural rack for roasting. To cook, place the meat on this natural rack in open shallow roasting pan. The rolled rib requires a roasting rack. If you have no such rack, use your cake cooling rack or even two or three jar lids—anything to keep the meat off the bottom of the roasting pan, so it will not cook in the drippings. Be sure that the rolled rib is placed on the rack with its fattest surface on top—the standing rib will automatically be in this position if placed on its natural rack. No Liquid, No Cover

Grand-Tasting Meat

What could be grander for your next Sunday's dinner than a rib roast of beef? You can serve it not only that day, but several days after, so it's really an economy. With it go corn-on-the-cob, crisp vegetable relishes, and mashed potatoes and gravy.

Now place the pan with the meat in a 3002 F. oven. You will need no liquid and no cover because the meat is already tender and has a fat coating that will keep it that way during cooking. Because you have placed the meat in the pan with its fat surface up, the drippings will run down through the meat as they melt, thus basting the meat.

One way to tell when the meat is done is with a roast meat thermometer (rare, 140° F.; medium, 160° F.; well done, 170° F.). But you can estimate the length of cooking time by using "minutes-per-pound" charts. According to these, a 6 to 8 pound standing rib of beef can be cooked to the medium well-done stage by allowing 22 to 25 minutes per pound, while the 6 to 8 pound rolled rib takes 38 minutes per pound.

And there is your perfectly done roast, without a bit of attention from the time you put it in the oven until you take it out. If your oven is the correct temperature, you can go to church or do the day's cleaning without giving it another thought until it's done.

Carving, Serving
Carving either the rolled or standing rib roast of beef is easy, too. The rolled rib is held firmly with a fork and sliced cross-wise. The standing rib is turned on one of its faces, and, while held firmly with a fork between the ribs, sliced from the outer fat surface toward the rib. The slice is freed by cutting along the rib.

Most folks agree that mashed potatoes and roast beef gravy are the best possible accompaniments for the meat—much of the flavor and some of the nutritive value of the meat are contained in the gravy. To this add crisp vegetable relishes, cabbage, salad and a graham cracker refrigerator pudding for dessert, and the meal is truly "out of this world."

Greene Co. Home Bureau To Hold Annual Meeting

Carrollton—The annual business meeting of the Greene County Home Bureau will be held January 19, beginning at 10:30 a. m. in the local Presbyterian church, according to plans made by the executive board at a meeting held in Farm Bureau hall.

The annual meeting is being held in connection with the annual meeting of the Greene County Farm Bureau. The two organizations will have separate meetings during the morning and will meet jointly during the afternoon session. Mr. A. K. Baldwin is in charge of arrangements for the day. Mrs. Oscar Thibault, and Mrs. Ellis Walkington will plan the morning's program.

Prior to the annual meeting a budget committee will meet and plan the budget for the Home Bureau for the ensuing year. The members of this committee are Mrs. George Pohnlan, Mrs. John Neece, Mrs. James Ford and Mrs. Carl Barker.

Plans were also discussed concerning the mobile tuberculosis unit which will be in the county Feb. 7 to Feb. 15 inclusive. A discussion of the 1949 program also took place. As Farm and Home Week at the University of Illinois is from January 31 to February 3 inclusive, Mrs. R. H. Clannahan and Mrs. James Ford were named as delegates from the Greene County Home Bureau to this meeting.

Henry Sherwin Dies Wednesday At Home Here

Henry Sherwin passed away Wednesday at 2 a. m. at his home, 2021 East Court street, where he had resided for the past two years.

The son of John and Lucy Sherwin, Mr. Sherwin was born on July 21, 1882. He was united in marriage with Effie Suttles on Aug. 4, 1901.

Surviving are his wife; one daughter, Mrs. Ruth Sorrells of Patterson; a son, Roy Sherwin of Cottage Hills; five grandchildren, Leslie Sorrells of Patterson, Shirley, Patty, Danny and Larry Sherwin of Cottage Hills; a great grandson, Dale Edward Sorrells of Patterson; five brothers, George of Peoria, Fred and Edward of Winchester, Robert of White Hall and Louis of California; and several nieces and nephews.

His parents, one brother, William, and a sister, Louisa Leake, preceded him in death.

Mr. Sherwin was a member of A. F. & A. M. and R. A. M. lodges at Roodhouse and the M. W. A. at Glasgow. He was formerly employed at the Jacksonville State hospital.

The body is at the Dawdy Funeral Home in White Hall and will later be removed to home of Mr. and Mrs. Guy Sorrells at Patterson, where the family will receive friends.

Funeral services will be held Friday at 2 p. m. at the Patterson Baptist church. Burial will be in Pine Tree cemetery east of Patterson.

WANT ADS BRING RESULTS

Now We Have the 'Atomic Clock'

This is an atomic clock—and theoretically, it can run for 3,000,000 years before gaining or losing a second. Developed by the Bureau of Standards in Washington, its mechanism is guided by ammonia atoms, which is said to make it more accurate than the stars. Dr. Harold Lyons, right, who directed research on the project, explains its operation to the bureau's director, Dr. Edward U. Condon, left, and Secretary of Commerce Charles Sawyer.

First Farm Account School in Series Held at Hillview

Carrollton — W. H. Brown, Jr., farm adviser, conducted the first in a series of six farm account schools Monday evening in the Hillview high school. The session was attended by 52 farmers. The school is introducing the new simplified Illinois Farm Record book. The second session will be held Friday evening, Jan. 14, at 7:30 p. m. in Kane.

Also on Jan. 14 Adviser Brown and Henry Day will spend the day in Peoria where they will attend a meeting of the Illinois Grain Corporation share holders at the Pere Marquette hotel, beginning at 10 a. m. Day is a delegate from this area and will vote the proxy votes.

The annual meeting of the stockholders of the Greene County Fair association will be held Thursday, Jan. 13, at 7:30 p. m. at the court house here. Three directors will be elected at this time and other important matters will be considered. Stockholders who cannot attend are asked to vote by proxy.

Future Champs

Bobby Geering, Adam Maples, Danny Geering and Tommy Wellons, left to right, seem completely satisfied with their scores after 18 holes of golf in Pipehurst, N. C. Chamber of Commerce junior championship. The eight and nine-year-old youngsters averaged between 120 and 130 at famed Pinehurst Country Club.

Virginia Handcuffed By Sleet; No School

Virginia—With little relief in sight, Virginia is suffering one of the worst sleet storms in the past 15 years. Public schools were dismissed due to the lack of electricity.

Public utilities started going out in the night Monday and have been disrupted ever since. All rural telephone lines are out and over half of the city phones are dead. Between half and one inch of ice has formed on the wires and trees. The city water plant has warned patrons to boil water due to the lack of power at the

water plant. Many road blocks were caused by the falling limbs. Some houses are damaged. Lack of power has hampered the heating of many homes which were relying on stoker and oil burners for heat.

While service was out most of Tuesday morning in the downtown area, merchants were doing business by candle light. It is estimated, it will take many days to restore power, and telephones to the residential districts.

Crews of workmen are attempting to keep the main lines open and clear the roads. An attempt is also being made to reduce the danger of "hot" wires being within reach.

While Virginia was hit by such a storm approximately 15 years ago, at that time the streets were covered with ice. This is not the case now. With the temperature hovering at 33 to 32 degrees, there is no ice forming on the streets.

Paul Young Will Serve As Virginia Club President

Virginia—At the regular meeting of the Virginia Kiwanis club Monday night, Paul Young was named as the new president to succeed Benjamin Walrich. Young has been established in the grocery business in Virginia for the past two years. He will be officially installed Jan. 24th.

He has appointed the following committee for the year: Membership—Bob Hierman, chairman, Jack Haywood, Wm. Yapple, Dr. Davis, Jeffery Gill; boys and girls—Benjamin Walrich, chairman, Raymond Whitaker, Glenn Colburn, Rev. Burton, Ed Whitfield; agriculture—Ed Lamont, chairman, Dr. Snow, Geo. Dieren, Dr. Holden, Guy Husted; public affairs and support of churches—Rev. Higgins, Rev. Burton, James Massie, Ben Walrich, C. R. Wilson, Ed Whitfield; house and reception—Bert Morse, chairman, Ben Barnett, John Byus, Joe Loring, Guy Husted; music—Wm. Yapple, chairman, Rev. Higgins, Guy Husted.

Program committee, January and February—Rev. Burton, John Byus, Dr. Davis, Geo. Dieren; March and April—Ben Walrich, Jerry Gill, Raymond Whitaker, James Massie; May and June—Bert Morse, Jack Haywood, Dr. Snow, Wm. Yapple; July and August—Bennie Barnett, Ed Whitfield, Dr. Holden, Carl Collins; September and October—Ed Lamont, Glenn Colburn, Rev. Higgins, Joe Loring; November and December—Guy Husted and Bob Hierman.

MARRIAGE LICENSE
Mike Raich and Mildred E. Lochart, both of Springfield.

McDevitt Elected Farm Bureau Head

Harold McDevitt of Franklin, prominent farmer and livestock man of the Rees vicinity, was elevated to the presidency of the Morgan county Farm Bureau when the board held its annual organizational meeting Tuesday. He succeeds Chester A. Thomason of Chapin, who is retiring after serving three years in that capacity.

A. Paul Johnson of Ashland was elected vice-president and Frank Flynn of Murrayville was re-elected secretary-treasurer.

The directors were elected last month at the annual meeting of the Farm Bureau.

Mr. McDevitt has already served the organization in many ways. He has been a board member for several years, was chairman of the livestock marketing committee and a member of the seed committee.

CELEBRATES BIRTHDAY
Carrollton—Mrs. Harold Horn entertained at a birthday party Monday afternoon in celebration of the sixth birthday of her daughter, Miss Jackie Horn. Guests at the party from 3:30 to 5 p. m. were Sally Whitman, Janet Foody, Janet Blackstone, Sue Snidle, Bobby Snidle, Diane Journey, Susie Allen, Mignon Bishop, Marilyn Mehl, Barbara Vogt, Connie Gourley, Jean Ann Sheets, Donna Hindelang, Carolyn Day and David Dailey.

Curls Are Hereditary, Too

Little Billy Gilbert, 3, his long blond curls hanging well below his shoulders, looks at a picture of his father, taken when the old man had curls, too. His mother and father, Mr. and Mrs. William Gilbert of Chicago, reluctantly decided that Billy was old enough to have his curls clipped.

THANK YOU FOR YOUR PATIENCE

During this emergency our electrical customers co-operation has been wonderful. This has helped our three repair crews on emergency 24-hour service in handling distress calls rapidly.

Unless further ice formations or the falling of more limbs is encountered... early Thursday morning will find all "Supply Feeder Lines" back in full operation.

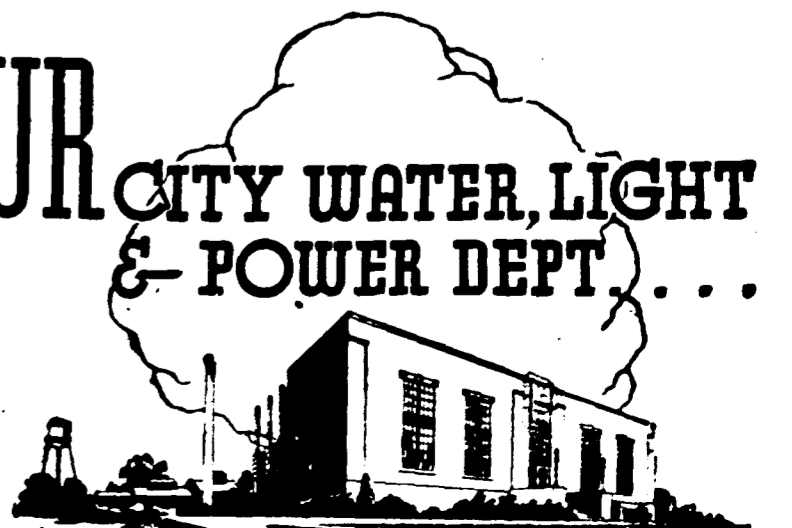

If you are using City Electrical Power and your electricity is not back on Thursday morning, please call in. This will enable us to make repairs on leader lines in a minimum of time.

The reason the street lights are not lighted is all attention has been focused on industrial and residential repairs. Therefore breaks in these lines would allow open circuits carrying 7,000 volts to be exposed.

Please remember, do not handle any wires which are down. Many are still alive and carrying high voltage.

Routt, Jacksonville Fives Meet Tonight; Tigers To Louisiana

Jacksonville prep basketball reaches the high spot tonight when the Routt Rockets and Jacksonville Crimsons clash in a first-class intracity fray which has all the promise of being the closest and hardest fought contest local fans will see all winter.

Both teams captured games from opponents Tuesday night. Routt dumped the Waverly Scissors 50 to 38, and the Crimsons matched their neighbors' win with a victory over Mt. Sterling by a 43 to 40 margin. The Rockets clipped the Mt. Sterling bunch by an almost exact score last week, when they edged the Brown county gang 44 to 40 at Our Saviors'.

To Be Played At ISD

The evening's battle will be fought on the ISD boards, which has been the scene of practically every major contest in town to date—and promises more attractions in the future. The preliminary is slated for 7 p.m., and the main fracas is due to start at 8:15.

It's hardly fair to match the two teams by comparative records compiled so far this season. Routt has the better game standing with 7 wins and only 2 defeats, while Jacksonville high school has won 6 frays and dropped 7. They have bumped into stiffer competition than their local counterparts. The Kraushaarsmen have succumbed to strong Pittsfield, Winchester, Beardstown, Pawnee, Quincy and Rock Island fives, while the westenders and New Canton are the only Illinois fives asked to play in the Missouri meet. New Canton drew a bye in first round activities, while the Wilsons are scheduled to tangle with Hermann, Mo., at 6:45 this evening. The match is a loser-winner play affair with the winners of first round bouts going down one side of the brackets to play for the championship and losers in the first round meeting for the consolation.

The local Tiger quint will stay in Louisiana until the meet ends Saturday night.

To fill up the game card for tonight, Spike Wilson's Tigers from ISD take a trip to Louisiana, where they will participate in a 12 team invitational tournament.

The westenders and New Canton are the only Illinois fives asked to play in the Missouri meet. New Canton drew a bye in first round activities, while the Wilsons are scheduled to tangle with Hermann, Mo., at 6:45 this evening. Pro Grid Peace Hinges on Easing Backyard Feuds

New York, Jan. 12.—(P)—Settlement of neighborhood rivalries held the key today to professional football peace.

If they can catch up scattered backyard feuds, the National Football League and All-America conference may end their three-year-old cold cash war when they meet next week in Chicago.

The feuding hotspots are New York, Los Angeles and the Washington-Baltimore area.

An effort will be made to iron out the New York problem in the next few days.

Dan Topping, president of the New York Yankees of the AAC, announced yesterday that a meeting would be held with representatives of the other Gotham professional teams.

Heads of N. Y. Teams To Meet

Sitting in on the discussion, Topping said, would be Ted Collins, owner of the Boston Yanks who recently got permission to transfer his franchise; Tim and Jack Mara of the Giants; and Horace Stoneham, head of the baseball Giants.

The Boston Yanks and Giants are members of the rival National League. Stoneham rents the Polo Grounds to the Maras.

Topping, answering reports that he planned to pull out of the football venture and rent spacious Yankee Stadium to Collins, said he is willing to become a landlord if they bring peace between the rival circuits.

The AAC directors meet in Chicago Jan. 18 and the NFL Nabobs get together two days later.

Any settlement probably would call for one circuit composed of two sectional races. This plan was almost adopted at the last peace session in Philadelphia before Christmas but the rivals couldn't agree on which teams should be included.

NFL Wants One League

The National League is said to favor a one-league setup like this: a western division made up of Cleveland and San Francisco of the AAC, Chicago Bears, Chicago Cards, Green Bay and Los Angeles of the NFL; an eastern division made up of New York Giants, Pittsburgh, Philadelphia, Washington, Detroit and Boston Yankee (in Yankee Stadium), all NFL clubs.

The AAC balked at this, insisting that the Baltimore Colts be included in any new alignment. George Marshall owner of the Washington Redskins, is said to have objected to inclusion of Baltimore on the grounds it would infringe on his territorial rights.

Ben Lindheimer, owner of the Los Angeles Dons of the AAC, is also anxious to stay in football business and he thinks the California metropolis can support two clubs. The other is the NFL's Los Angeles Rams.

Waldo McCreery Re-elected Head of Y. M. C. A. Board

Announcement of the reelection of Waldo McCreery as president of the board of directors of the YMCA was made Wednesday noon by Ernest Hildner at the January board meeting at the Dunlap hotel. This will be Mr. McCreery's second one-year term.

Other officers announced were: vice-president, William L. Fay to replace Charles N. Wright; secretary, D. R. Blodgett, reelected for another term; and treasurer, Harry A. Hammit, replacing Fred R. Bailey.

Paul Hartman, new general secretary of the Y, was formally presented to the group. Mr. Hartman made brief remarks on the place of the YMCA in the community.

Treasurer Hammit, reported on the financial condition of the organization. He also reviewed the proposed 1949 budget. A report on the proposed program schedule was given by Wilbur Clark, program committee chairman. William Randall building committee chairman, made a report on the building operations and the recent campaign for building funds.

The resignation of Robert Barnes was regretfully accepted.

One member, John S. May, dean of boys at the Jacksonville high school, was present. Albert W. Hall, the other board member elected in December, was unable to attend.

A meeting of the policy committee, which is made up of the chairman of the standing committees, will be held Wednesday noon at the Dunlap hotel.

I.O.O.F. Officers Installed Friday

Installation of newly elected officers of Ridge encampment, No. 9, I.O.O.F., was held Friday evening at the I.O.O.F. lodge room, 2235 W. State street, with Elbert C. Brant acting as district deputy grand patriarch and Clyde McAllister as district deputy grand warden.

Officers include J. Elfridge Roberts, chief patriarch; Frank Schmidt, senior warden; Earl Jones, high priest; John W. Marshall, scribe; John T. Roberts, treasurer; and Donald J. Mullen, junior warden.

The Royal Purple degree was conferred upon the candidates before the service. Following the ceremony refreshments were served in the dining room. At the next meeting, Jan. 21, the Patriarchal degree will be conferred. Refreshments will be served.

Notice Regular I.B.E.W. 51 meeting will be postponed from Jan. 14 to Friday, Jan. 21.

Dance Saturday night. Amvets club. Jimmy Conlee's band.

By Bob Morris

Local basketball coaches, players and officials have their hands full this week as the old town fairly bulges at the seams with hardwood bouts. Two prep contests were played off Tuesday, when Jacksonville high bumped off Mt. Sterling and the Rockets from Routt finally outran Waverly for a victory. ISD took a trip to New Berlin and brought home the bacon in the form of a 32 to 29 hoop win.

Thursday night is IT—as far as most prep fans in town are concerned. A question that hoop fans have been asking themselves, and me, is going to be solved when Bob Kraushaar's Crimsons and Paul Stroud's Rockets tangle in a hardwood tussle on the ISD boards. Both quints have enjoyed a successful season to date, and comparative scores over Mt. Sterling show them about evenly matched. Routt tamped the Hornets 44 to 40, while the Crimsons dropped the Brown county gang 43 to 40 last night. Did someone say Routt would win by one point?

The busy Rockets take the floor against St. James here Friday night to end a full week on the boards. Jacksonville fans will be missing a great opportunity to see the scrappy eastsiders perform, if they don't come around at least once this week.

The Tiger five from ISD takes a long ride to Louisiana, Mo., Thursday to enter a 12 team tourney. They and New Canton are the only Illinois fives entered in this meet, which lasts until Saturday. It's a winner-go-down one side of the brackets to play for the championship and the losers sliding down the other side to play for consolation money. Complicated isn't it?

And Saturday night, the Miller men end it all, as they ask Wheaton College over to Jacksonville for 40 minutes of lively indoor antics. Wheaton, last year's conference champs, is ear-marked as one of the leading contenders for the crown again this year. However, the Blueboys have well-founded hopes of upsetting the dopesters' dope bucket with a win in this fray—and we believe Al Miller has the team that can do the job.

We'd like to slip in a little note of praise at this point for the IC cagers who are working their way through school. Because the college athletic plant is still a dream and not a reality, the school officials are forced to engage the ISD gym from 9 to 11 p.m. for practice sessions. After practicing 'til 11, every member of the starting five gets up at 6:30 in the a.m. and goes to work in the school chow hall. That's a busy schedule for a college lad, and sometimes proves a hectic one, especially if he has any aspirations of study.

Copenhagen, Denmark, Jan. 12.—(P)—Wide-eyed children in Danish schools were given a glimpse into the life of royalty today when the king, queen and three princesses made a broadcast unique in the world.

The regular educational radio program opened with the announcement: "Now children, we will open the book of fairy tales for you—but we will at the same time tell you a story of a happy Danish family, of a father, a mother and three children."

King Frederik in the broadcast from Amalienborg castle told his audience "my daughters are nice kids who play and make fun so that you sometimes feel like choking them for their tomfoolery."

He said his life was "bit drab" because of his official duties, "but with a family like mine it is easy to get along x x x if you are cheerful."

Air Force Works On Super-Camera

Washington, Jan. 12.—(P)—The air force is working on an aerial super-camera with which it may some day be able "to identify a truck moving on a highway from 50 miles up—if we ever get to that height."

The camera would be of tremendous value in identifying enemy ground movements by planes flying above the reach of anti-aircraft fire.

James J. Deeg, of the air force's photographic laboratory at Wright Field, described the new "sky eye" today along with a number of other developments for using cameras in the age of supersonic and high-altitude flight.

MEREDOSIA'S OLDEST RESIDENT IS ILL

Meredosia—Still in a critical condition is Grandma Brockhouse, oldest resident of Meredosia. Mrs. Emil Brockhouse of Beardstown is helping to care for her at her home here.

REBEKAH INSTALLATION

Public installation ceremonies will be held by Caritas Rebekah Lodge No. 625 Thursday at 8 p.m. in the I.O.O.F. hall on West State street. Miss Eva Power will act as installing officer. The public is cordially invited to attend.

Marine Corps Will Recruit Men For Year

The Marine Corps recruiting office has announced that men 18 years old are still being accepted for one year's service.

Three of every four men accepted under this program are given a chance to go to school and learn a trade while they are in the service.

The Marine Corps is also accepting men for the Marine Corps Reserve. This enables men to take training during the summer and earn ratings in the Marine Corps while they are on inactive duty. This program is open to all men whether they are veterans or not.

Those interested in either of these programs are asked to contact the Marine Corps recruiting sergeant in Jacksonville or to write the Marine Corps Office in Springfield. The Recruiting Sergeant is in the Jacksonville post office box on Tuesday from 10 a. m. to 4 p. m.

I.A.A. Director Speaks at Greene County Meeting

Carrollton—Farm and Home Bureau members attending the annual meeting Wednesday at the Carlton theater in Carrollton, heard an address by L. B. Hornbeck, district or agricultural director of the Illinois Agricultural association.

Entertainment was furnished by the Illinois College Male Quartet of Jacksonville, and Skeets Yaney, Frankie Taylor, Brownie Reynolds and Tommy Watson from KMOX.

The quartet appeared at the theater during the morning session only, while the other entertainers were featured both in the morning and the joint afternoon session of the Farm and Home Bureau at the theater.

The business session of the Farm Bureau opened at the theater at 10 a. m. The business session of the Home Bureau was held at the Presbyterian church, beginning at 10:30 a. m. The afternoon program, held jointly, closed at 3:30 p. m.

A banquet was served at noon by the ladies of the Baptist, Methodist, Presbyterian, Christian and Catholic churches.

Chinese Control Yuan Orders Cease Fire In Civil War

Nanking, Thursday, Jan. 13.—(P)—The Chinese government's control Yuan today urged an immediate cease fire in China's civil war.

The Yuan, (corresponding to a budget bureau, and not a policymaking body) voted to send messages to President Chiang Kai-Shek and Mao Tse-Tung, top Communist leader, calling for peace negotiations.

The real victory should attempt to meet the real desires of the people and the achievement of peace," said the Yuan's statement.

(The dispatch did not mention any reaction by Chiang, who already has offered to negotiate with the Chinese Reds for peace on his own terms. The communist radio flatly rejected Chiang's offer.)

(Meanwhile, a dispatch direct from communist-besieged Tientsin described fighting on three sides of the big north China industrial city. The dispatch made no mention of a truce there, or any arrangements for the city's surrender.)

Gas Kills Dentist, Overcomes Patient

Tuscola, Ill., Jan. 12.—(P)—A dentist was found dead and a woman patient overcome by gas fumes in the dentist's office here today.

Dr. Fred F. Rice, about 75, died at his desk in the Tuscola National Bank building. His patient, Mrs. Arthur Short, 70, of nearby Arthur, was found unconscious in the dental chair.

Mrs. Short was taken to Jarman Memorial hospital. Attendants said she will recover.

Another woman in the building, Mrs. Betty Kerns, secretary to Attorney L. Pate, also collapsed. She was taken home and regained consciousness three hours later.

Exhibit American Sculpture At I.C. Library Jan. 11-19

The are department of Illinois College is exhibiting a "Survey of American Sculpture" Jan. 11-19 in Tanner library on the I. C. campus. This exhibition of 17 photographic panels was organized and circulated throughout the country by the Museum of Modern Art of New York City.

Although no American sculptor prior to the 18th century is known by name, sculpture in this country has a tradition that goes back 20,000 years, when the first Indians are believed to have settled on this continent. Their art introduces a photographic survey which traces the development of sculpture in America up to the present.

The work of anonymous artists and Colonial craftsmen of the 17th and 18th centuries, whose wood carving tradition culminated in the work of William Rush and his contemporaries, the Neo-Classicism of the 19th century, and the later French influence as seen in the work of Saint-Gaudens, are also reviewed.

Main trends of 20th century American sculpture are represented by the work of such leading artists as Epstein, Lachaise, Zorach, Calder and Flannagan. The exhibition concludes with work by members of a younger group: David Smith, Gallery, Grippie and Cutler, who actively and imaginatively re-interpreted trends initiated by the now-established 20th century leaders.

The public is invited.

Chinese Control Yuan Orders Cease Fire In Civil War

Nanking, Thursday, Jan. 13.—(P)—The Chinese government's control Yuan today urged an immediate cease fire in China's civil war.

The Yuan, (corresponding to a budget bureau, and not a policymaking body) voted to send messages to President Chiang Kai-Shek and Mao Tse-Tung, top Communist leader, calling for peace negotiations.

The real victory should attempt to meet the real desires of the people and the achievement of peace," said the Yuan's statement.

Second Half Rally Gives IC 66 To 61 Win Over Millikin

The Illinois College Blueboy quint racked up his first CCI conference win here last night, when they dumped the Big Blue from Millikin in a rousing 66 to 61 court battle.

The first five minutes of play were nip-and-tuck between the two fives. The Big Blue invaders went into an early initial lead, but the local crew showed enough spark, although cold at the hoop, to grab a 12-11 edge on Don Longer's one-hander from far out.

Millikin opened up with a dazzling fast break throughout the remainder of the initial frame. This, combined with some tricky work around the pivot post, almost swept the Blueboys off their feet, but they grimly fought back and stayed within 3 points of the invading quint throughout this hard-fought first half.

Grove Leads IC Drive

Bob Grove, IC guard, was the main wrench in the Millikin works.

Is Present Method Of Rating Batting Strength Unfair?

New York, Jan. 12.—(P)—The 1948 major league baseball averages are out and that raises the question again—is the present system of rating batters fair?

The question was asked last night from provoking a large number of interesting replies.

Were Most Outstanding

Although many different systems were offered, there seemed general agreement that the age-old method of rating bat strength needed revision.

The '48 averages show Stan Musial of the St. Louis Cardinals and Ted Williams of the Boston Red Sox as champion batters of their respective leagues. No fault is found with that since it is generally conceded they were the outstanding batters.

But what of other batters? Dale Mitchell of the Cleveland Indians is listed as the American league's third best with a .336 average. Al Zarilla of the St. Louis Browns is fourth, Barney McCosky of the Philadelphia Athletics is fifth and Bob Dillinger of the Browns is sixth.

They rate above such sluggers as Joe DiMaggio, Vern Stephens, Tommie Henrich, Joe Gordon and Bobby Doerr. Stephens, for instance, is the 35th best batter, according to the averages. Gordon is No. 27 and Doerr is No. 23.

Mize Is 22nd

It is the same story in the National. Mike McCormick, part-time outfielder of the Boston Braves is ninth with a .303 mark. Bob Scheffing, Chicago Cub catcher, is No. 19 while Johnny Mize of the New York Giants is 22nd and Ralph Kiner of the Pittsburgh Pirates is 40th on the list.

A year ago we offered a new rating system under which runs-batted-in, runs scored and total bases are added then divided by number of games played. Today averages are figured on hits and at bats.

For instance, John Doe has driven in 100 runs. He has scored the same number and owns 300 total bases. That gives him a sum of 500. Divide that into the number of games played, which let us say was 150. That gives player Doe a rating of 3.33.

Beware of Romance
 By Roberta Courtland
 Copyright by Grosvenor Pub. Co.—
 Distributed by NEA SERVICE, INC.

THE STORY: Merry tries to forget Mike's kiss. She tells herself he didn't mean anything, but she can't shake him. When Lisa sees the flowers he sends next day, she tells Merry she's made a conquest. That afternoon Merry goes to a tea where the first person she sees is Mike. He's talking to a lovely lady.

XXIII

MIKE, seeing Merry, smiled, put down his cocktail, took the woman's hand in his and drew her over to Merry.

"Hello, darling," said Mike softly, and then to the woman beside him, "Mother, this is Merry. I've been telling you about her."

Merry's eyes flew wide open and she barely managed to bite back a startled exclamation. "Is lovely woman, who looked not a day over thirty—well, maybe just barely thirty-three or -four—with her wings of raven-hued hair folded about her head and tucked into a great soft knot at the back—this woman was Mike's mother?"

The woman's eyes, a deep, shining blue, widened with delight as she caught Merry's expression, and she said to Mike, "Oh, darling, isn't she a lamb? She doesn't believe I'm really your mother. Isn't she sweet?"

Flushed and awkward, Merry blurted, "Well, honestly, it doesn't seem possible."

Mike said cheerfully, "Oh, she takes good care of herself. I'll say that for her. She's well preserved."

"Angel dear, I hate you for that!" said the woman in her soft, lovely voice. Then she turned back to Merry. "I'm so very happy to meet you at last. Mike has simply been raving about you for ages and ages. I've all but grown weary of hearing about you."

"Don't spread it on quite so thick, sweet," protested Mike. "I've only known her two days."

"His mother looked up at him in gentle perplexity.

"But isn't this Gloria, the girl you wanted to elope with, only her husband came back and they made up?" she protested.

MERRY'S heart twisted a little but she managed to give Mike a teasing grin.

"Oh, no, Mrs. Channing. That was last week's girl friend. I came into the picture day before yesterday," she said lightly.

Mike's mother winced. "Oh, not Mrs. Channing, dear. I haven't been Mrs. Channing since Mike was two years old."

Merry barely managed not to gasp, and she was scarlet with confusion.

"Oh, I'm sorry—I didn't know."

"But why should you be sorry? You couldn't possibly know. We've never met before, have we? I'm Mrs. Lorimer," said Mike's mother.

"Mrs. Gillespie, angel," Mike corrected her gently.

Once more his mother winced.

"A horrible name. I hate it. I must do something about it," said she. And to Merry with a gentle smile, "All my friends call me Mimi. And you must, too."

"You might as well," Mike offered pleasantly. "It will save a terrific amount of wear and tear on your memory. She changes names and husbands as often as most women change nail-polish."

"Oh, no, Mike, you're being unfair, really! That's very mean of you," protested Mimi, hurt.

Mike looked straight down at Merry, and when his mother drifted away smiling and chatting with someone else, he said dryly, "So now you know. She's quite a person, is Mimi, but a terrific responsibility. As unpredictable as a child and as irresponsible as a six-week-old pup. But I'm fond of her."

"Well, of course. She's lovely."

"And having five sets of grandparents isn't a bad idea, if you can learn to keep them all straightened out in your mind and stay friendly with them. So far I've managed it."

MERRY drew a deep breath and Mike grinned at her.

"Shocked?" he asked mildly.

"Shocked?"

"Well, I understand you look with a dim eye on divorce."

"That's not true. And anyway, it's none of my business."

"Well, of course it is. After all, since you are marrying into the family—"

"Aren't you getting a little tired of that line?"

"Hum-m-m! I don't think so. I still find it a bit exciting." She laughed at her warmly. "Look, Precious, let's get out of here. There are places to go and things to do and people to be avoided."

"Avoided?"

"Certainly. In my mood, I have no desire to share you. Let's find a place for dinner where neither of us knows a soul and where we can hold hands and gaze into each other's eyes and be idiotic, as people who have just tumbled headlong into love have every right to be."

Merry looked across the room to where his lovely, incredibly youthful-looking mother was the center of a little knot of admiring men and asked, "Shouldn't you see your mother home first, or something?"

"Mimi? She is home. This is her place—didn't you know?"

"Goodness, no."

"Well, there's no reason you should. Come along."

"But if she is my hostess, shouldn't I say goodbye to her and thank her for the party?" She broke off, flushed, as he laughed at her.

"Not unless you want to bewilder her to the point of tears," he grinned at her. "I doubt seriously if she knows the names of half a dozen people here and probably those were not invited."

And Merry, a little shocked because it seemed so strange and alien to all the established rules of hospitality that held good in Marshallville, yielded and let Mike draw her out of the room and into the elevator.

Amvets Post, No. 100, And Auxiliary Install 1949 Officers

Two past commanders of Jacksonville Amvets post were senior vice commander; Russell Armstrong, finance officer; Siegfried, president, and Past Commander Henry Deppe. The installing officers of post and auxiliary officers for 1949. Albert H. Hall, judge advocate, and Walter Isaacs, provost. New members accepted Tuesday night included Arthur Lee Woods, Joseph P. Hennessey, Robert W. Roach and Dennis E. Fitch. The ceremonies were held Tuesday night at the Amvets club-rooms. Commander Marvin Martin presented a gift to Miss Pauline Cohen, retiring auxiliary president; Harold Meyers presented a sterling silver cigaret lighter to Commander Martin.

Shown in the photograph are, left to right, Past Commander Russell Kelly, Commander L. S. Ruby, John P. Beadles, Mrs. Kathleen Laughary, treasurer of the auxiliary; Miss Vernell Bryant, secretary; Mrs. Edna Johnson, junior vice president; Mrs. Violet Grogan, senior vice president, Mrs. Hazel

Development Of City's Water Resources Told By Mayor Hoagland

The story of the growth and prosperity of Jacksonville as reflected by the history of its municipal waterworks was told by Mayor Ernest L. Hoagland Wednesday night when he addressed the members of the Lions club. The mayor was introduced by Orville N. Foreman.

Return Of Power Brings Normalcy To Winchester

Winchester—Electrical power was back in service in the Winchester community around noon on Wednesday. The city water supply came back on about the same time and the entire community gradually returned to normalcy during the afternoon.

The Illinois Rural Electric company also made great strides during the day with the aid of workers from Shelbyville, Bloomington and Diverson. There is still a vast amount of electrical repair work to be done. However, most users are again enjoying the comfort and convenience afforded by electricity.

Minstrel Postponed
The Winchester Woman's club's annual Show Boat minstrel has been postponed for two weeks. The club announced Wednesday afternoon that the power failure had made it impossible to present the minstrel at the originally scheduled date and that the tentative date for the postponed performance will be Jan. 26-27.

Funeral Services

Charles A. Holscher
Funeral services for Charles A. Holscher, who died in Girard Tuesday, will be held at the Girard Lutheran church at 1 p.m. Thursday. Burial will be in Concord cemetery at about 3:15 p.m.

William H. Muehlhausen
Funeral services for William H. Muehlhausen will be held at 2:30 p.m. Thursday at Salem Lutheran church. The Rev. N. P. Uhlig will officiate and burial will be in Memorial Lawn cemetery. The remains will be taken to the church one hour before services.

Newton Frank Reid
Funeral rites for Newton Frank Reid will be held Thursday at 2:30 p.m. at the Reynolds Chapel. The Rev. Roy S. Hulan will officiate. Burial will be in Diamond Grove cemetery. The body will remain at the Reynolds Mortuary.

Thomas Harrison
Funeral services for Thomas Harrison will be held at the Cody and Son Memorial Home at 2:30 p.m. Friday. The Rev. Francis Smith of Mechanicsburg, assisted by the Rev. John W. Collins of Centenary Methodist church, will officiate. Burial will be in Diamond Grove cemetery. The remains will be taken to the family residence, 294 Sandusky street, at noon Thursday.

KIWANIS SPEAKER

"A Story for January, 1949" will be the subject of a talk to be given at the Kiwanis club meeting today. The speaker will be H. Merle Smith, widely known commentator on the business scene. A former newspaperman on the staff of the Kansas City Star, Mr. Smith has served as senior member of the staff of the United States Savings and Loan League. He is now its director of field service. Mr. Smith has participated in conferences and conventions throughout this country and Canada. His views are based upon extensive travel and keen observation.

Health-Topic Of Current Magazines At Local Library

Health, as it concerns the ordinary man and woman, is the subject of many of the current magazines available at the Jacksonville public library. In the January edition of Harper's, C. Lester Walker, in an article entitled "A Million Unknown Diabetics," tells of the campaign being waged to discover the diabetic and give him treatment. Preventive measures for heart disease are discussed by H. M. Marvin in his article "The Challenge of Heart Disease," a feature of the current issue of Yale Review.

"A Centennial of Public Health" by Louis I. Dublin of the Metropolitan Life Insurance company, included in the January American Journal of Public Health, was written in observance of the first public health law passed in London in 1848. Mr. Dublin is the authority who recently predicted that public health services will soon be forced to concentrate on the chronic diseases of middle and later life.

The statement that "the bones of our primitive ancestors indicate that they were prone to many of the same diseases that afflict civilized men" comes from the "Record of Human Illness," Milton Krogman's contribution to the January Science American. Theodore R. Van Dellen, M.D., treats the topic "Rheumatic Fever—No. 1 Enemy of Children" in the February issue of the Rotarian. "Childhood's Greatest Enemy" is also treated in one of a series of Public Affairs pamphlets now on display. Other recent pamphlets deal with "Facing the Facts About Cancer," "Blood's Magic for All," "Good News About Diabetes," and "Know Your Heart."

CARD OF THANKS
We wish to express our deepest appreciation for the many gifts, cheering cards, and beautiful flowers sent to our wife and mother, Mrs. Margaret E. Hall during her illness and for the flowers, sympathy and kindness shown us at the time of her death.
Henry R. Hall and daughter

I. S. B. To Celebrate Centennial Thursday

Today is the 100th anniversary of the act of the Illinois state legislature which established the Illinois Institution for the Education of the Blind, now the Illinois School for the Blind. At an assembly to be given this morning at the school, Superintendent Leo J. Flood will read from the "Early History of the Illinois School for the Blind" by Frank H. Hall, former superintendent. The program will also include an organ prelude, "Marche Pontificale" by Gounod, played by George Gerlach, faculty member; the "Lord's Prayer," "Illinois," and the school song, "School Days," sung by the student body; and "Land of Hope and Glory" by Elgar, Beethoven's "Heaven's Resound" and "The Lost Chord" by Sullivan, presented by the school chorus under the direction of Mrs. Armeada Zell.

Winchester Rites For Margaret Hall Conducted Tues.

Winchester—Funeral services for Mrs. Margaret Hall were held at 2 p.m. Tuesday, Jan. 11, at the Danner Funeral Home with the Rev. W. Brook Martin officiating. The services were attended by an unusually large number of friends and relatives. Two vocal selections, "City of Gold" and "Saved By Grace," were rendered by Mrs. Wendell Brackett of Exeter. Mrs. Brackett was accompanied by Gary Stewart at the organ. The casket bearers were Hunter Funk, Carl Coultas, Albert Rutherford, Claude Bean, Wilbur Kumble, K. V. Beerup, Orville Bobbitt and Hal Montgomery. The flower ladies were Mrs. Hunter Funk, Mrs. William Fay, Mrs. Claude Bean, Mrs. Glenn Coultas, Mrs. Leslie Shafer, Mrs. Mae McCullough, Mrs. Roy Kalschne, Sr., Mrs. K. V. Beerup, Miss Mary Lee Coultas, and Miss Beily Leach. Attending the services were people from Alexander, Waverly, Franklin, Springfield, Jacksonville, and Milwaukee, Wis.

Histoy, Work Of I.S.D. Discussed At Hi-Y Meeting

Lloyd Graunke of the I.S.D. faculty was guest speaker Wednesday evening at the Hi-Y club meeting in the Y.M.C.A. club rooms. He was introduced by Paul Hartman, Y secretary. Mr. Graunke told of the history and background of the Illinois School for the Deaf, which has served over 7500 students since its establishment in 1836. At present approximately 450 boys and girls from the ages of 4-18 are enrolled in the classes. There are 18 teachers. The progressive instruction given at the school is divided into three different departments, oral, acoustical and manual. Pupils in the oral department are taught speech and lip-reading. The acoustical department is set up for those with partial hearing who can use hearing aids. Students in the manual section learn to spell words by making the symbols of the alphabet with their hands. An interesting question period followed the talk. The next Hi-Y meeting will be held Wednesday at 7:15 p.m. Business will be conducted.

Utilities Knocked Out In Aley And Glasgow

Glasgow—Glasgow, as well as its eastern neighbor, Aley, apparently bore the brunt of the ice storm the first of the week, as far as comparative damage in other Scott and Greene county localities was concerned. With rain starting to fall Sunday evening, and the thermometer hovering around the freezing mark, trees here gradually took on a burden of ice, which grew heavier as the rain continued to fall through Monday and Tuesday. By Monday night, tree limbs of assorted sizes began to break under the pressure of their ice coatings, and by Tuesday morning, many local lawns, streets and sidewalks were cluttered with fallen limbs. Telephone service was disrupted early Monday night by a break in the line between Aley and Glasgow. Electric service was suddenly discontinued at about 11 p.m. Monday when a high voltage wire became shorted on an ice-coated limb in a tree at the Charles Wilson home here in town. It burned in two after putting out quite a display of electrical fireworks. Neither electric nor telephone service had been restored nor Wednesday morning, although repair crews were reported working toward this village from Aley. The lack of electricity caused a number of local furnace stokers, electric stoves, refrigerators and cold storage boxes to be very useless ornaments. Quite a sudden demand for kerosene, oil lamps and new chimneys were created. Although many limbs fell from trees, very little damage was reported being done to homes and buildings, and no injuries to residents were received. One oddity of the storm was that although the rain froze on the trees, bushes and fences, it did not freeze on the ground or sidewalks. The thermometer standing practically at the freezing point was a probable solution to this unusual condition.

Many Homes Remain Without Electricity After Sleet Storm

Although many residents of the Jacksonville area were enjoying the benefits of electricity, and appreciating it considerably more than a week ago, there still were many homes "in the dark" Wednesday night. Repair crews, however, were making considerable headways. Although falling limbs were still knocking out a few lines last night, the number of distress calls were diminishing every hour. The progress of the next few days depends largely upon the weather, officials said.

Turn Street Lights Off
Jacksonville was still without street lights Wednesday night. The power was turned off in the lines as a safety measure. Despite a large number of "hot" wires which dangled in the streets from poles, no accidents have occurred.

Living conditions in many homes reverted to pioneer style because of the power failure. Stokers were idle and many homes were heated with makeshift arrangements. Many business men shaved by candlelight Wednesday if they used the blade and lather method. Those who depend on electric razors either "let 'em grow," or took their equipment to a different address where power was available.

Problem To Keep Warm
Homes with fireplaces probably were more comfortable than those depending entirely upon stoker-fired furnaces. Kerosene heaters were pressed into service by those fortunate enough to have them. Darkened homes didn't have much to offer in the way of entertainment Tuesday night. Reading was difficult by candlelight. Radios were silent unless they were the battery kind. The majority of uptown business establishments functioned as usual, the power failure being centered in residential districts where there are large numbers of trees.

More Repairmen Arrive
H. A. Littler, area manager of the Illinois Power Company, said 50 men are working to restore service to patrons. Several crews arrived Tuesday from Decatur to help with the task.

Municipal power officials said repair crews are working at top speed to put the lines back in shape. Other city departments have furnished men to assist with the work. Illinois Telephone Company linemen worked steadily Wednesday in an effort to repair shattered lines. Long distance service was still spotty. Rain stopped falling Tuesday night which brought some improvement in the situation. No more sleet formed on trees and wires Wednesday, but snow flurries brought threat of more rough weather ahead.

Graveside Service Saturday For Sgt. George S. Knight

Graveside services conducted by veterans organizations of Jacksonville will be held at 3:30 p.m. Saturday at Memorial Lawn cemetery for Staff Sergeant George S. Knight, who was killed in an airplane crash over England on June 6, 1944.

GEORGE S. KNIGHT

He was a tall gunner in the U. S. air corps and had completed 52 missions over enemy territory, more than were required for discharge, when the Marauder bomber to which he was assigned crashed with another aircraft.

Sgt. Knight was born in Jacksonville on Nov. 27, 1923 and spent his entire lifetime here, with the exception of the years he was in the air corps. He was a son of Alta and Beatrice Sargent Knight, who reside at 519 Duncan street.

He graduated from Jacksonville high school with the class of 1941 and enlisted two days later. After completing his training here, he was assigned to overseas duty in February, 1942.

Surviving him are his parents; his wife, the former Betty Reeves; one son, Jerry; three brothers, Gerald and Larry, at home, and David Knight of Jacksonville, and one half-sister, Mrs. Vivian Bundy of Thompsonville, Ill.

He was a member of Grace Methodist church. The remains arrived in Jacksonville Wednesday night. They were taken to the Williamson Funeral Home.

Former Bluffs Teacher To Tell Korea Experiences

Bluffs—Mr. and Mrs. Benjamin Grote, who have recently returned to this country from Korea, will be guests of honor at a potluck supper at 6 o'clock Sunday evening, Jan. 16, in the Bluffs Methodist church. After supper Mr. Grote, who formerly was a teacher in the Bluffs Community High school and superintendent of the Methodist Sunday school, will tell of his experiences in Korea. The community is cordially invited to attend. The church laymen, with Glenn Seivers as charge lay leader, and Royal Oakes as assistant lay leader, are sponsoring the evening.

Mrs. J. K. Hatfield underwent an appendectomy at Our Saviour's hospital in Jacksonville Monday. Leonard Rolf entered Our Saviour's hospital Monday afternoon for treatment.

JERSEYVILLE PEOPLE ATTEND INAUGURAL

Jerseyville—A number from Jerseyville went to Springfield Monday to attend the inaugural ball held at the armory which climaxed the inauguration of Governor Adlai Stevenson and other state officers. In the group were Mr. and Mrs. Howard Mann and Royal Oakes as assistant lay leader, Dr. and Mrs. Jack Hornell, Mr. and Mrs. William Watts, Dr. and Mrs. James L. McLaren, Attorney and Mrs. John Suddes, Mr. and Mrs. John Sunderland, Mr. and Mrs. William Lee Parker, Miss Betty Miller, Gene Murphy, Mr. and Mrs. Ed Roady, Mr. and Mrs. Jack Turner, and Joseph Knight.

Ice Tough On Trees, Wires and Men

A snapshot taken Wednesday on clock in a race to keep even with the West College avenue shows Super-havoc caused by falling limbs. Telephone lines were broken when and two of his assistants as they the limb broke off the elm located pause after clearing the street of a limb that had stood just so much ice, and couldn't stand any more. Along with telephone and power employees, the street department had been working practically around the

SPARE TIRE, TOOLS TAKEN FROM PARKED CAR

R. S. Stucker, 719 N. Main street, reported to police Wednesday that the wheel and spare tire had been stolen from the trunk of his car while it was parked on Webster avenue in front of the School for the Deaf Tuesday night. The lock on the glove compartment was also broken open. A set of socket wrenches were stolen.

FIRE ALARM
A smoking furnace at the Fred Olson residence, 706 Jordan, caused a fire alarm at 3:35 p.m. Wednesday. There was no damage.

NOTICE

Due to the sleet storm our telephones and lights are out of commission. Except for this we are equipped to serve our water customers.
